service #1
priority.

One Stop.

LACO Inc.

can do it all!

These Mobile Radiation Shields offer a wide field of view with excellent body protection. Two models are offered with varying sized lead acrylic windows. Clear lead acrylic is a durable, shatter resistant protection and provides an optically clear view. The shield frames are constructed of durable stainless steel with a brushed finish. The opaque section of the shield is made of a highly durable phenolic material. Shields are easily mobile & locked into position.

Features:

- * Clear lead acrylic protection
- * Undistorted Viewing
- * Fixed Height
- * Durable Stainless steel construction
- * Brushed finish to maintain their "like new" appearance for many years
- * Locking foot caster to secure position
